

Corrugated hose for water suction and discharge service, where a rugged yet flexible hose is required by industry, building and agriculture, for overhead irrigation systems or for tank truck use.

Properties

- **Temperature range:** -30°C +70°C
- **Tube:** black, smooth, SBR rubber compound resistant to mud compound weathering, ozone and ageing resistant
- **Cover:** synthetic rubber, red/black longitudinal stripings
- **Reinforcement:** high strength synthetic cord and helix wire
